## Minutes of the Regular Meeting May 11, 2023 7:00 PM

#### I. Call to Order:

Chairman Shannon Whitfield called to order the Regular Scheduled Board of Commissioners Meeting held at Annex III, 201 S. Main Street, LaFayette, Georgia at 7:00 PM on May 11, 2023.

#### II. Attendees:

The following were present: Chairman Whitfield, Commissioner Robert Blakemore, Commissioner Mark Askew, Commissioner Brian Hart, Commissioner Robert Stultz, Legal and Policy Director David Gottlieb, Communications Specialist Dakiya Porter and Board Clerk Whitney Summey. Other guests signed in at the meeting as well. Please see the attached sign in sheet.

#### III. Approval of Agenda:

Commissioner Blakemore made a motion to approve the agenda, seconded by Commissioner Askew, 4 ayes and 0 nays, motion carried to approve the agenda.

#### IV. Approval of Minutes:

Commissioner Stultz made a motion to approve the minutes of the Regular Scheduled Meeting held April 13, 2023 at 7:00 p.m., seconded by Commissioner Hart, 4 ayes and 0 nays, motion was approved.

#### V. Public Hearing:

I. Chairman Whitfield asked if anyone would like to speak on the variance request from Jose and Damaris Martinez for less than five acres in an A-1 zone for property located at 132 Learning to Lean Lane, LaFayette, GA 30728, tax map and parcel number 0-358-033. Jose Martinez said he was requesting the variance so he could put a mobile home on the property to help care for his mother. He provided the Board with letters from her doctor explaining her medical condition. He said his mother in law already lives with them and this would allow him to be able to take care of his mother while still allowing everyone to have personal space.

#### VI. Ceremonial:

I. Chairman Whitfield read the proclamation for senior citizens day and presented it to Commissioner Stultz. He gave information about an event at the Civic Center sponsored by Robert and Don Stultz and family. Commissioner Stultz said his dad started this event when he was a child and it is an honor to bring this event back to the community.

#### VII. Presentation

I. Terry Gilreath, Chief Appraiser, gave a presentation on property assessments. He said values were raised again this year because the market is continuing to rise. He said values went up on all property types this year. He said notices will go out May 15 and June 29 will be the last day to appeal. He provided the Board with a handout. Commissioner Blakemore asked how this raise was compared to last year. Mr. Gilreath said there was a 25% increase last year and a 30% increase this year overall. He said this year there are some low and high sales while last year's sales were all high sales. He said the demand for housing is through the roof and the Chattanooga and North Georgia area are in the top ten areas for demand.

#### VIII. Public Comment:

I. Randy Pittman came forward on behalf of the Historic Preservation Commission. He gave an update of the grant application that was recently approved. He said they are working on plans to preserve Oak Hill School and move it off of the hill it currently sits on. Chairman Whitfield asked who owned the structure. Mr. Pittman said they are working with Representative Mike Cameron to clarify because it is unclear if the state or county does. Commissioner Stultz asked if they had a plan to move the structure. Mr. Pittman said they are still getting details and recommendations for a plan. Commissioner Askew said he would provide him with some contact information that can help. Mr. Pittman said the next meeting is May 15 at the LaFayette Library and invited everyone to come out.

#### IX. New Business:

I. Chairman Whitfield read Resolution R-022-23 to authorize the submission of an application for a land and water conservation fund grant. He said this is in relation with SPLOST funds for an all

inclusive playground and this will allow the project to be much larger. He said this is to authorize the pre application and then if approved it will come back before the Board for final approval. He added the max dollar amount will be \$300,000.00. Commissioner Blakemore made a motion to approve, seconded by Commissioner Stultz, 4 ayes and 0 nays, motion carried.

- II. Chairman Whitfield asked if there was any discussion from the Board for the variance request from Jose and Damaris Martinez for less than five acres in an A-1 zone for property located at 132 Learning to Lean Lane, LaFayette, GA 30728, tax map and parcel number 0-358-033. Planning and Zoning Director Jon Pursley said they are requesting to put a mobile home on the property where two mobile homes were previously. He said it has two septic tanks already and the previous mobile homes were removed in 2014 before he purchased the property. Commissioner Stultz said after looking over the medical documents Mr. Martinez's mother needs significant family assistance and her son would need to be her caregiver. He said they meet the requirements for a medical hardship. Commissioner Stultz made a motion to approve, seconded by Commissioner Blakemore, 4 ayes and 0 nays, motion carried.
- III. Chairman Whitfield said purchase order 2023-00000854 is for \$65,336.00 for air pak and cylinder units for Walker County Fire Rescue. He said Chief Hodge or Deputy Farrow could not be present to speak tonight because they were out of town inspecting the three new trucks coming next month. He said they wanted to share this purchase to further equip the new trucks. He said the purchase will be made with ARPA funds. Commissioner Askew made a motion to approve, seconded by Commissioner Hart, 4 ayes and 0 nays, motion carried.
- IV. Chairman Whitfield read the department statistics for April 2023.

#### X. Commissioner Comments:

Commissioner Blakemore thanked everyone for coming out and told them to feel free to reach out with any questions or concerns. He also thanked all county employees and the assessors department for all of their hard work.

Commissioner Askew thanked everyone for coming out and being involved. He told everyone to feel free to reach out with any questions or concerns.

Commissioner Hart said Annex II was looking great and he hoped to see it opened around July 1. He thanked the road department for the quick job moving over the mountain.

Commissioner Stultz thanked all of the county employees and each department for their hard work. He gave information about a Senior Citizens Event and thanked the Board for the proclamation presented tonight. He said a friend had recently visited and adopted an animal at the shelter and he was pleased to hear about their great experience.

Chairman Whitfield said Tire Amnesty Day had a great turnout and they hoped to have another event in October or November. He said Clarence Johnson with the Public Works department is doing great after his accident and he asked everyone to keep him in their prayers.

#### XI. Executive Session:

Chairman Whitfield made a motion to go into executive session for personnel and real estate, seconded by Commissioner Askew, 4 ayes and 0 nays, motion carried. Executive session began at 7:44 PM. Chairman Whitfield called the regular meeting back to order at 8:45 PM with no further action from the executive session.

#### IV. Adjournment:

Commissioner Hart made a motion to adjourn the meeting, Commissioner Blakemore seconded the motion. Motion carried and the meeting was adjourned at 8:46 PM.

#### II. ROLL CALL

#### III. READING & APPROVAL OF THE APRIL 20, 2023 MEETING MINUTES:

Chairman Haney asked if there was a motion to approve or deny the minutes. John Morehouse made a motion to approve. Cindy Askew seconded the motion to approve. The vote was unanimous. Motion to approve minutes carried.

#### IV. MOTION TO OPEN THE PUBLIC HEARING:

Chairman Haney asked for a motion to open the public hearing. Todd Holt made a motion to open the public hearing. Zack Chapman seconded the motion. The vote was unanimous. Motion to open the public hearing carried.

#### V. PUBLIC HEARING:

#### Variance:

- 1. Ada Jackson: Chairman Haney asked if there was anyone present for the Jacksons. Brain Jackson came forward and stated that they would like a variance to put a mobile home on his parents land. He stated that they are getting older and harder for them to get around and he would like to be there to help take care of them. Todd Holt asked if someone was living in the house that is on the property and Mr. Jackson said yes his parents and Mr. Holt asked if anyone lived in the mobile home on the property and he said his brother lived in it. Michael Hicks asked Mr. Jackson how many acres was there and he stated 8.7. Todd Holt stated that the tax records show 7.4 and Mr. Jackson said his brother has a one acre tract at the back. Mr. Jackson said that his brothers mobile home is not on his one acre tract. Michael Hicks asked if the house up front was his parents and he said yes and then Michael asked what was at the very top and Mr. Jackson said it was just a garage. Kristy Parker expalined that the one acre tract that his brother owns was there before zoning. Jon Pursley asked if they were all going to share the same drive and Kristy Parker asked Mr. Jackson that didn't he say they were going to have their own drive coming off at a different location and he said yes it would be. Michael Hicks said the property looked pretty steep and asked if they had cattle or anything and Mr. Jackson said no they do not use it for agricultural purposes. There were no other questions.
- 2. NGA Harrier Developers Inc.: Chairman Haney asked if there was anyone present for this item. Colin Johnson came forward and stated that this prelimiany plat was just a continuation of the Hawks Ridge Subdivision. He said this would be phase three. Zack Champman asked about the lot size and Mr. Johnson stated that lot widths would all be 51'. Cindy Askew asked Mr. Johnson about the screen buffer running trough some of the lots. Mr. Johnson stated that there would be zero grading in that area and that the building pad would not be in it. Mr. Johnson stated that the setbacks showed on the plans. Cindy Askew asked if they had the land distubace permit for this and he said yes with the state but not yet with the county. Cindy then asked about the detention area and Mr. Johnson said that the detention area is on another phase and that they have it so this part is draining down into those ponds. There was some discussion on the green space area. There were no other comments.
- 3. Mauerick Development Group Inc.: Chairman Haney asked if there was anyone here on behalf of this. Brandon? came forward and stated that the owner was RP Homes. He stated that this was an approved PUD. He said that there was some changes made that is not on these plans. He stated that they had to move road C to the east for safety issues because of a curve. Zack Chapman asked if that changed the number of lots and Brandon said yes that the original site plan showed a total of 166 lots and this plat shows 178. He said that as they move forward that they may have to remove some lots because they have already had to cut it down to 174. It was brought up that the Board of Commissioners did approve this to be zoned PUD. He said that page one of this plat would be their phase three, page two would be phase two and page three would be phase one. There was discussion on the lots sizes and how the middle part would be townhomes. Michael Hicks asked on phase two in the middle on the townhomes they would have a rear alley for access to the townhomes and Brandon said yes. Michael then asked if that would make them closer to the road and that each unit would be the width of that unit and Brandon said yes. Michael then asked what would be the buffer between each townhome and Brandon said 25' and they would be four units each. Micahel asked if they were there for premiminary on phase one and Brandon said no they were asking for approval for the whole development. They would like to move forward with the land disturbance permit. Zack Chapman asked about the greenspace and buffer. Michael Hicks said

there greenspace was more to the front. Zack said he feels like a flood area is not really a usable area. Micahel Hicks said that may be what they need to look at the next time with PUD requests. Colin Johnson then described the greenspace area in more detail. Cindy Askew asked them about the initial site plan. Colin Johnson said it was presented at the rezone and did show the proposed lots and greenspace area. Zack Chapman asked them about the topography and that the plans did not show the grading that will be done. Mr. Brian Morton came forward and wanted to know if the county was prepared for the traffic this will bring. Carlen Bowers tried to explain some of the traffic issues and how they are trying to help. He was wanting to know what they were planning on doing with the traffic that will be trying to avoid any round-a-bouts coming through Overbrook Drive. Michael Hicks asked if an option could be for a sign be put up that said right turn only. Carlen said it is possible. Chairman Haney let Mr. Morton know that it would be noted that he was against this. No further questions.

4. Elite Air HVAC & Maintenance: Chairman Haney asked if there was anyone present for this request. Aaron Kight came forward and said they would like to rezone the property to have storage for boats and RV's and things of that nature. Todd Holt asked if you got to this property off of Bailey Lane and Mr. Knight said yes even though it has a Mission Ridge address. Mr. Holt asked if their bussiness was at this location and Mr. Knight said that they use the building to store some of their stuff in. Kristy Parker expalined that the building has always been used as commercial and that there is a commercial business in front and to the south of this that is not zoned commercial. It was asked if they were going to have storage units and he said that they did not plan on having any. Micahel Hicks asked if Bailey Lane was a private drive and he was told no it is a county road. Michel Hicks asked if this would be covered stoarge and Mr. Knight said right now ony open storage but they would be open to either. It was discussed that parking and vehicles can be on the property lines that only structures would have to meet the setbacks. There wer no other comments.

#### VI. MOTION TO CLOSE THE PUBLIC HEARING:

Chairman Haney asked if there was a motion to close the public hearing. Todd Holt made a motion to close the public hearing. Rob Walthour seconded the motion. Vote was unanimous. Motion to close the public hearing carried.

#### VII: MOTION TO OPEN NEW BUSINESS:

Chairman Haney asked if there was a motion to go into new business. Todd Holt made a motion to open the new business. John Morehouse seconded the motion. Vote was unanimous. Motion to open new business carried.

#### VIII: <u>NEW BUSINESS:</u>

1. Ada Jackson: Chairman Haney asked if there was a motion to approve or deny the variance request. Michael Hicks made a motion to approve. There was no second. Motion failed. Chairman Haney then asked if the was a

motion to deny. Cindy Askew made a motion to deny due to it being zoned agricultural. John Morehouse seconded the motion to deny. Vote in favor to deny was five (John Morehouse, Todd Holt, Cindy Askew, Rob Walthour & Zack Champman). One vote not in favor of denying was Michael Hicks. Vote was five to one in favor of denying the request. Motion to deny carried.

- **2. NGA Harrier Development:** Chairman Haney asked if there was a motion to approve or deny the request. Michael Hicks made a motion to approve. Todd Holt seconded the motion to approve. The vote was unanimous. Motion to approve carried.
- 3. Mauerick Development Group: Chairman Haney asked if there was a motion to approve or deny the request. Michael Hicks made a motion to approve the preliminary plat with 165 lots. Zack Chapman seconded the motion. The vote was unanimous. The representative said there were 166 lots on the original site plan. Michael Hicks made a motion to amend his motion on approving the plat for 165 lots to a new motion to approve with 166 lots. Zack Chapman seconded the motion. The vote was unanimous. Vote to approve the plat with 166 lots carried.
- **4. Elite Air HVAC Maintenance:** Chairman Haney asked if there was a motion to approve or deny this request. John Morehouse made a motion to approve the rezone with conditions that there be no temporary buildings or storage containers. Zack Chapman seconded the motion with conditions. The vote was unanimous. Vote to approve with conditions carried.

#### IX: ADJOURNMENT:

Chairman Haney asked if there was a motion to adjorn. Todd Hold made the motion to adjorn. John Morehouse seconded the motion. Motion to ajorn carried.

Calloun, for producers to consign their cattle for research and sale. The heifer's rations consist of hay, plus a supplement designed for optimum growth and development. Heifers will be fed to gain on health and on the productive Development (H.E.R.D) program was created as a way to educate the beef industry in Georgia on health and on the interval of the interval of the productive Development (H.E.R.D) program was created as a way to educate the beef industry in Georgia on health and on the interval of the interval of the interval of the productive Development (H.E.R.D) program was created as a way to educate the beef industry in Georgia on health and on the productive Development (H.E.R.D) program was created as a way to educate the beef industry in Georgia on health and on the productive Development (H.E.R.D) program was created as a way to educate the beef industry in Georgia on health and on the productive Development (H.E.R.D) program was created as a way to educate the beef industry in Georgia on health and on the productive Development (H.E.R.D) program was created as a way to educate the beef industry in Georgia on health and supplied the interval of the interval of

ally, the supplement will be developed based on the current year's feed prices to provide the least-cost ration for the targeted gain. Additionally, the amount fed may be adjusted based on visual appraisal and performance data of the heifers. Heifer are also bred utilizing a timed artificial insemination (A.I.) protocol. They will be heat-synchronized and bred A.I. (once at each location) followed by at least 45 days with a clean-up (natural service) bull. Consignors wanting to specify a different A.I. sire may do so but must furnish the semen at the time of delivery. The animals will be auctioned off and their

final values recorded to track the success of the program.

Today we have just scratched the surface on this UGA beef program and if you are interested in learning more feel free to reach out to me. The results from this program are released. from this program are released each year and can be found in our Extension Office or online. Be safe out there.

Cody Bowling is a Catoosa County agriculture and natural resource agent with the University of Georgia Extension Service. He can be reached by phone at 423– 355-7056 or by email at cody. bowling@uga.edu.

#### Chickamauga hairdresser celebrates businesses' 40th anniversary

Chickamauga hairdress Chickamauga hairdress-er and owner of High Point Professional, Phyl-lis Swearengin is celebrat-ing her business' 40th an-niversary. In 1983, one woman had a dream of providing more for her family and her two young daughters. Recently graduating from Georgia Northwestern Tech-nical College's (GNTC) cos-

metology program and wanting more control over her time, Swearengin opened High Point Professional, said Swearengin. "I look at said Swearengin." I look at said Swearengin. "I look at said Swearengin." I look at said Swearengin. a one-sink, one-chair and one-woman hair salon.

What once was a thriving,

What once was a thriving, lively community is now a desolate memory with only one business remaining. Swearengin's infectious personality and the family atmosphere she has created over the past four decades can be attributed to the sustainability of her

my clientele as my friends,

my clientele as my friends, not just my customers."
Many of Swearengin's customers can attest that they are guaranteed to leave having received a needed laugh and bits of wisdom from the hairdresser.
"I walked in to let a stranger hopefully give me a good haircut, and I never dreamed I was going

to walk out with a lifelong, dear friend," said Deb Skel-ton, one of Swearengin's many loyal customers, on her first time visiting High Point Professional shortly after its opening

Point Professional shortly after its opening.
"We've seen each other through the good times, and the bad and have always helped each other out," continued Skelton, sharing personal anecdotes of her and the hairdresser's formed friendship. formed friendship. Her love of people and

being a listening ear is what Swearengin credits for her long-lasting career. "If I can help someone's

"If I can help someone's self-esteem or outlook on life, I feel proud that I've done that and helped them to see a better outlook on their situation," said Swearengin. Jamey White, Swearengin's longest-lasting customer to date, followed her from the first cosmetology job she had to High Point Professional.

"She's the only woman

'She's the only woman

that has been a constant in my life, besides my mom-ma," said White, humor-ously. "[Swearengin] treats everyone just like family."

everyone just like family."
After 40 years, Swearengin says she has no plan to retire soon and hopes to still be cutting hair by the 50-year milestone.
"I'm going to work as long as I can," said Swearengin.
"I've had people with me for 40 years, so I'm hoping they'll stay with me for another 10."

1967 Ford Bronco.

"I became hungry to learn everything I could about how it worked and how I could turn this neglected, beat-up truck into everything I envisioned it to be," she said, adding that at that time she had not considered college because she could not afford it. She had no future plans after hish school

had no future plans after high school. "One day the Dual Enrollment coor-

"One day the Dual Enrollment coor-dinator came into my class and talked to me about this incredible opportuni-ty to take classes at GNTC with little-to-no cost for me," Pemberton said. "With my future in mind, I knew this was an opportunity that I couldn't pass up, so the next day I marched right into my high school counselor's office and got the list of requirements to be-

pass up, so the next day I marched right into my high school counselor's office and got the list of requirements to begin the process, and I began my path to success," she said, characterizing GNTC as a "blessing" to her.

She said she has learned not only automotive skills, but also soft skills, such as patience, persistence and motivation to continue working towards her goals every day, she explained.

"The 'beauty' of the Technical College System of Georgia is it's accessible, allowing even those who may have given up on the idea of going to college to not feel held back from the opportunities awaiting," she said. "It is a flexible and more affordable alternative to a four-year college for students like me who have a desire for learning and want to get prepared to join the workforce."

When she graduates in May, she will have her high school diploma, as well as multiple college technical certificates, she said.

The Rick Perkins Award honors the TCSG's most outstanding instructors. The award has been an ongoing state-

TCSG's most outstanding instructors. The award has been an ongoing statewide event since 1991 and recognizes technical college instructors who make significant contributions to technical education through innovation and leadership in their fields.

The 2023 Rick Perkins Award winner will serve as ambassador for the Technical College System of Georgia (TCSG) and will make many public appearances throughout the year, in-TCSG's most outstanding instructors.

(TCSG) and will make many public appearances throughout the year, including addressing both chambers of the Georgia General Assembly.

A panel of leaders from business, industry and government will choose one instructor to be the 2023 TCSG's Rick Perkins Instructor of the Year. The winner will receive a \$2,500 cash prize.
Gonzalez, a Dalton resident, established the Diesel Equipment Technology program on GNTC's Whitfield Murray Campus, designed its curriculum and secured support from several area transportation-related busieral area transportation-related busi-nesses, including Freightliner Trucks, U.S. Xpress Enterprises Inc., Penske Automotive, Shaw Industries Group

Salvador Gonzalez, program director and instructor of Diesel Equipment Technology at GNTC, iis a regional finalist in the competition to be named the state's 2023 Rick Perkins Instructor of the Year, and GNTC student Cayla Pemberton has been named a regional finalist in the 2023 Georgia Occupation Award of Leadership (GOAL) competition.

Inc. and Ford of Dalton. This support has included money, tools and diesel equipment, which students take apart and rebuild in the classroom.

The Leadership Dalton-Whitfield 2022 class donated \$2,460 to outfit 12 GNTC Diesel program students with mechanic tool kits they need to jumpstart their careers after Gonzalez suggested the donation as a way the Leadership class could support GNTC and its students.

Gonzalez, the son of two immigrants

Gonzalez, the son of two immigrants Gonzalez, the son of two immigrants who both have only a sixth-grade education, recalled that his life changed on the last day of eighth grade. "You are a good kid, Sal, and you have a lot of potential," his teacher said. "Those words and that hug changed me. I started working hard in school and became a good student." a good student.'

As a high school sophomore, he "fell As a high school sophomore, he "fell in love with working on cars" after he started working with his uncle in an auto repair shop. His uncle and his high school automotive class teacher told him they learned to work on cars at a technical college.

He got a job changing oil and performing basic maintenance at a car dealership after high school, but he could not advance in the shop because he lacked the necessary training, he said.

He was discouraged that he did not qualify for financial aid to attend technical college; however, his father con-

nical college; however, his father con-vinced him to pursue his education and worked odd jobs to help him at-tend technical college, he explained.

He earned a diploma in Auto-Diesel

He earned a diploma in Auto-Diesel Technology with High Performance Engines from Lincoln Tech in 2010. "All of this was possible through hard work and a technical education," he said. "I am the son of two dreamers who gave me the resources needed to be successful in life. I hope my students and my children see me as an

to be successful in life. I hope my students and my children see me as an example to go after their dreams and to never give up."

Prior to starting at GNTC in GOS GORZALE WAS technician/team and at Brooker Ford Lincoln Mercur (www. known as Ford of Dalton) from 2007 [8] and apprentice technician at Red Star Automotive in Conyers from 2005/16.

His community service active sinclude mentoring students while he was in college, serving warm meal adming

ring ys at in college, serving warm mea Thanksgiving and Christmas he Providence Ministries, Spanis lish translating during the Chris giveaway at Providence Minist giveaway at Providence Minist unteering as a softball and T-b and donating to GNTC's Fou which supports areas of insti need including student schol equipment purchases, library als purchases and staff develop The most recent state wir represent GNTC were 2019 R kins Award winner Leyner A program director of Business A ment, and Troy Peco, assistan ch

nt. rs to Perment, and Troy Peco, assista of Industrial Technologies, p director and instructor of Auto Technology and the state's 20 Perkins Award winner.

# Cat<sup>®</sup> 308 CR

MINI HYDRAULIC EXCAVATOR

#### FEATURES:

The Cat® 308 CR Mini Excavator delivers maximum power and performance in a mini size to help you work in a wide range of applications.

#### **ALL DAY COMFORT**

 A sealed and pressurized cab is equipped with an improved air conditioning system, adjustable wrist rests and a suspension seat to help keep you working comfortably all day long.

#### **EASY TO OPERATE**

 Controls are easy to use and the intuitive Next Generation Monitor provides customizable machine operator preferences and easy to read machine information.

#### STICK STEER TRAVEL MODE

Moving around the job site is even easier with Cat Stick Steer. Easily switch from traditional travel controls with levers and pedals to joystick controls with a push of a button. The benefit of less effort and improved control is in your hands!

#### **BIG PERFORMANCE IN A MINI DESIGN**

Increased lifting, swinging, travel and multi-functioning performance help you get the job done more efficiently, and blade float allows for easy clean up.

#### **SAFETY ON THE JOB SITE**

Your safety is our top priority. The Cat Mini Excavator is designed to help keep you safe on the job. A back-up camera, courtesy work lights and a fluorescent retractable seat belt are just a few of the safety features we've built into the machine.

#### SIMPLE SERVICE FOR LESS DOWNTIME

Maintenance is quick and easy on the Cat Mini Excavator. Routine check points are easy to access at ground level with grouped service points and robust service panels.

#### **LOWER OPERATING COSTS**

 Equipped with features such as auto idle, auto engine shutdown, and efficient hydraulics with a variable displacement pump, the Cat Mini Excavator was designed with reducing your operating costs in mind.

#### **UNMATCHED DEALER SUPPORT**

Your Cat dealer is here to help you reach your business goals. From providing equipment solutions to operator training to service needs and beyond, your Cat dealer is ready to help.

#### **Specifications**

with Counterweight	1585 mm (62.4 in)	1585 mm (62.4 in)
without Counterweight	1450 mm (57.1 in)	1450 mm (57.1 in)
9 Maximum Blade Height	370 mm (14.6 in)	370 mm (14.6 in)
10 Maximum Blade Depth	407 mm (16.0 in)	407 mm (16.0 in)
11 Height		
Boom Transport – No Tools*	2430 mm (95.7 in)	2260 mm (89.0 in)
Boom Working – With Tools**	2660 mm (104.7 in)	3050 mm (120.1 in)
12 Cab Height	2541 mm (100.0 in)	2541 mm (100.0 in)
13 Swing Bearing Height	756 mm (29.7 in)	756 mm (29.7 in)
14 Overall Undercarriage Length	2880 mm (113.4 in)	2880 mm (113.4 in)
15 Overall Shipping Length		
with Counterweight	6706 mm (264 in)	6872 mm (270.6 in)***
without Counterweight	6574 mm (258.8 in)	6872 mm (270.6 in)***
16 Boom Swing Right	935 mm (36.8 in)	935 mm (36.8 in)
17 Boom Swing Left	604 mm (23.8 in)	604 mm (23.8 in)
18 Track Belt/Shoe Width	450 mm (17.7 in)	450 mm (17.7 in)
19 Overall Track Width	2300 mm (90.6 in)	2300 mm (90.6 in)
20 Ground Clearance	350 mm (13.8 in)	350 mm (13.8 in)
21 Stick Length	1820 mm (71.7 in)	2358 mm (92.8 in)

<sup>\*</sup>Boom Height when stick is pinned in transport position with no attachments.

<sup>\*\*</sup>Boom Height when stick is pinned in working position with attachments. Standard Stick offers only one pin position.

<sup>\*\*\*</sup>With blade positioned at the rear of the machine.

#### **Lift Capacities – Minimum Configuration**

			Lift Point Radius 3 m (9.8 ft)			Lift Point Radius 4.5 m (14.8 ft)			Lift Point Radius (Maximum)			um)
			Over Front		0ver	Front		Over Front				
	Lift Point Height		Blade Down	Blade Up	Over Side	Blade Down	Blade Up	Over Side	Blade Down	Blade Up	Over Side	m (ft)
4.5 m	Standard Stick	kg (lb)				*2445 (*5,391)	1870 (4,123)	1630 (3,594)	*2195 (*4,840)	1490 (3,285)	1300 (2,867)	5.13 (16.8)
(14.8 ft)	Long Stick	kg (lb)							*1625 (*3,583)	1235 (2,723)	1075 (2,370)	5.74 (18.8)
3 m	Standard Stick	kg (lb)				*2770 (*6,108)	1805 (3,980)	1565 (3,451)	*2130 (*4,697)	1160 (2,558)	1010 (2,227)	5.90 (19.4)
(9.8 ft)	Long Stick	kg (lb)				*2400 (*5,292)	1825 (4,024)	1580 (3,484)	*1585 (*3,495)	995 (2,194)	865 (1,907)	6.42 (21.1)
1.5 m	Standard Stick	kg (lb)				*3345 (*7,376)	1685 (3,715)	1450 (3,197)	*2305 (*5,083)	1060 (2,337)	915 (2,018)	6.13 (20.1)
(4.9 ft)	Long Stick	kg (lb)				*3080 (*6,791)	1685 (3,715)	1450 (3,197)	*1695 (*3,737)	915 (2,018)	790 (1,742)	6.63 (21.8)
0 m	Standard Stick	kg (lb)	*3750 (*8,269)	2970 (6,549)	2460 (5,424)	*3535 (*7,795)	1600 (3,528)	1370 (3,021)	*2365 (*5,215)	1090 (2,403)	945 (2,084)	5.89 (19.3)
(0 ft)	Long Stick	kg (lb)	*3845 (*8,478)	2920 (6,439)	2405 (5,303)	*3480 (*7,673)	1570 (3,462)	1340 (2,955)	*1990 (*4,388)	935 (2,062)	805 (1,775)	6.42 (21.1)

Minimum Weight includes rubber belts, cab, operator, full fuel tank, no counterweight and no bucket.

#### **Lift Capacities – Maximum Configuration**

			Lift Poin	t Radius 3	m (9.8 ft)	8 ft) Lift Point Radius 4.5 n			Lift Point Radius (Maximum)			um)
			0ver	Over Front		Over	Front		Over Front			
Lift Point Height		Blade Down	Blade Up	Over Side	Blade Down	Blade Up	Over Side	Blade Down	Blade Up	Over Side	m (ft)	
4.5 m	Standard Stick	kg (lb)				*2445 (*5,391)	2090 (4,608)	1820 (4,013)	*2195 (*4,840)	1675 (3,693)	1460 (3,219)	5.13 (16.8)
(14.8 ft)	Long Stick	kg (lb)							*1625 (*3,583)	1395 (3,076)	1215 (2,679)	5.74 (18.8)
3 m	Standard Stick	kg (lb)				*2770 (*6,108)	2025 (4,465)	1760 (3,881)	*2130 (*4,697)	1315 (2,900)	1145 (2,525)	5.90 (19.4)
(9.8 ft)	Long Stick	kg (lb)				*2400 (*5,292)	2045 (4,509)	1775 (3,914)	*1585 (*3,495)	1135 (2,503)	990 (2,183)	6.42 (21.1)
1.5 m	Standard Stick	kg (lb)				*3345 (*7,376)	1905 (4,201)	1645 (3,627)	*2305 (*5,083)	1205 (2,657)	1050 (2,315)	6.13 (20.1)
(4.9 ft)	Long Stick	kg (lb)				*3080 (*6,791)	1905 (4,201)	1640 (3,616)	*1695 (*3,737)	1050 (2,315)	910 (2,007)	6.63 (21.8)
0 m	Standard Stick	kg (lb)	*3750 (*8,269)	*3750 (*8,269)	2795 (6,163)	*3535 (*7,795)	1820 (4,013)	1565 (3,451)	*2365 (*5,215)	1250 (2,756)	1080 (2,381)	5.89 (19.3)
(0 ft)	Long Stick	kg (lb)	*3845 (*8,478)	*3845 (*8,478)	2745 (6,053)	*3480 (*7,673)	1790 (3,947)	1535 (3,385)	*1990 (*4,388)	1075 (2,370)	930 (2,051)	6.42 (21.1)

Maximum Weight includes steel tracks with pads, cab, operator, full fuel tank, counterweight and no bucket.

<sup>\*</sup>The above loads are in compliance with hydraulic excavator lift capacity rating standard ISO 10567:2007 and they do not exceed 87% of hydraulic lifting capacity or 75% of tipping capacity. The excavator bucket weight is not included on this chart.

#### **Standard and Optional Equipment**

Standard and optional equipment may vary. Consult your Cat dealer for details.

1	Standard	Optional
ENGINE		
Cat® C3.3 Diesel Engine (U.S. EPA Tier 4 Final/ EU Stage V) – Electronic Engine, Turbo, Diesel Particulate Filter (DPF)	✓	
Automatic Engine Idle	✓	
Automatic Engine Shutdown	✓	
Automatic Swing Brake	✓	
Automatic Two Speed Travel	<b>✓</b>	
Fuel Water Separator with Indicator	✓	
Radial Seal – Double Element Air Filter	✓	
Extended Life Coolant, -37° C ( -37° F)	✓	_
HYDRAULICS		
Electronic Variable Displacement Piston Pump	<b>✓</b>	
Load Sensing/Flow Sharing Hydraulics	✓	
Power On Demand	✓	<del></del>
Hydraulic Temperature Monitoring	✓	
Certified Accumulator	✓	
HYDO Advanced Hydraulic Oil	<b>√</b>	**************************************
OPERATOR ENVIRONMENT		
Top Guard ISO 10262 1998 Level I	✓	
ROPS ISO 12117-2:2008	✓	
Stick Steer Mode	✓	
Travel Cruise Control	✓	
Control Pattern Changer	✓	
Adjustable Wrist Rests	✓	
Molded Footrests	✓	
Removable, Washable Floor Mat	✓	
Travel Pedals and Hand Levers	✓	
Cat Key with Passcode Option	✓	
Push to Start with Bluetooth® Key		✓
HVAC with Automatic Temperature Control	✓	
Hydraulic Lockout Controls	✓	
Integrated Lower Front Window	✓	
Assisted Front Window Overhead Storage	✓	
Rear Window Emergency Exit	✓	
Fabric, High Back, Suspension Seat	✓	
Air Suspension Heated Seat		<b>✓</b>
Retractable Seat Belt (75 mm/3 in)	✓	
Coat Hook	✓	
Cup Holder	1

Steel Tracks (450 mm/17.7 in wide)		✓
Wide Steel Tracks (600 mm/23.6 in)		✓
Steel Track with Rubber Pads		✓
Track Guides		<b>√</b>

(continued on next page)

#### Standard and Optional Equipment (continued)

Standard and optional equipment may vary. Consult your Cat dealer for details.

	Standard	Optional
BOOM, STICK AND LINKAGES		
One Piece Boom (3400 mm/133.9 in)	✓	
Standard Stick (1820 mm/71.7 in)	✓	
Long Stick (2360 mm/92.9 in)		✓
Front Shovel Capable — Pin-on/ Manual Coupler/Hydraulic Coupler (not available in all regions)	✓	
Thumb Ready (not available in all regions)	✓	
Attachments including Buckets, Augers and Hammers		✓
2nd Auxiliary Hydraulic Lines		✓
Boom Lowering Check Valve		✓
Stick Lowering Check Valve		✓
Certified Lifting Eye		✓
ELECTRICAL		
12 Volt Electrical System	✓	
60 Ampere Alternator	✓	
Circuit Breaker	✓	
900 CCA Maintenance Free Battery	✓	
Battery Disconnect	✓	
Ignition Key Stop Switch	✓	
Product Link™ Elite (regulations apply)		✓
Travel Alarm		✓
Rearview Camera		✓
Rotating Beacon		✓

	Standard	Optional
GUARDING		
Mesh Front Guard ISO 10262 1998 Level I		✓
Heavy Duty Front Guard ISO 10262 1998 Level II		✓
Overhead Cab Guard ISO 10262 1998 Level II		✓
Polycarbonate Front Window EN356 P5A		✓
Track Guards		✓
OTHER		
Additional Counterweight		✓
Locks on External Enclosure Doors	✓	
Lockable Fuel Cap	✓	
Beacon Socket	✓	
Rear Reflectors	✓	
Water Jacket Heater		✓
Refueling Pump		✓
Variable Angle Boom (refer to 308 CR VAB brochure for VAB specs and additional information)		✓

#### 308 CR Environmental Declaration

The following information applies to the machine at the time of final manufacture as configured for sale in the regions covered in this document. The content of this declaration is valid as of the date issued; however, content related to machine features and specifications are subject to change without notice. For additional information, please see the machine's Operation and Maintenance Manual.

For more information on sustainability in action and our progress, please visit <a href="https://www.caterpillar.com/en/company/sustainability">https://www.caterpillar.com/en/company/sustainability</a>.

#### Engine

- The Cat® C3.3B engine meets U.S. EPA Tier 4 Final and EU Stage V emission standards.
- Cat diesel engines are required to use ULSD (ultra-low sulfur diesel fuel with 15 ppm of sulfur or less) or ULSD blended with the following lower-carbon intensity fuels up to:
  - 20% biodiesel FAME (fatty acid methyl ester)\*
  - ✓ 100% renewable diesel, HVO (hydrogenated vegetable oil) and GTL (gas-to-liquid) fuels

Refer to guidelines for successful application. Please consult your Cat dealer or "Caterpillar Machine Fluids Recommendations" (SEBU6250) for details.

\*Engines with no aftertreatment devices can use higher blends. up to 100% biodiesel.

#### **Air Conditioning System**

The air conditioning system on this machine contains the fluorinated greenhouse gas refrigerant R134a (Global Warming Potential = 1430). The system contains 1.0 kg of refrigerant which has a CO<sub>2</sub> equivalent of 1.430 metric tonnes.

- · Based on best available knowledge, the maximum allowable concentration, measured in parts per million (PPM), of the following heavy metals in paint are:
  - Barium < 0.01%
- Cadmium < 0.01%</li>
- Chromium < 0.01%
- Lead < 0.01%

#### **Sound Performance**

Operator Sound Pressure 72 dB(A) (ISO 6396:2008) Average Exterior Sound Pressure 99 dB(A) (ISO 6395:2008)

• European Union Directive "2000/14/EC"

#### Oils and Fluids

- Caterpillar factory fills with ethylene glycol coolants. Cat Diesel Engine Antifreeze/Coolant (DEAC) and Cat Extended Life Coolant (ELC) can be recycled. Consult your Cat dealer for more information. Cat Bio  $HYDO^{TM}$  Advanced is an EU Ecolabel approved
- biodegradable hydraulic oil.
- Additional fluids are likely to be present, please consult the Operations and Maintenance Manual or the Application and Installation guide for complete fluid recommendations and maintenance intervals.

#### Features and Technology

- The following features and technology may contribute to fuel savings and/or carbon reduction. Features may vary. Consult your Cat dealer for details.
- Advanced hydraulic systems balance power and efficiency
- Power On Demand provides full time efficiency and power when you need it, and is transparent to the operator
- Auto idle and auto engine shutdown
- Extended maintenance intervals reduce fluid and filter consumption
- Remote Flash and Remote Troubleshoot (if equipped)
- Mini Hydraulic Excavator Ease of Use features improve operator efficiency minimizing fuel consumption (if equipped)
- Cat Grade with Advanced 2D and 3D improves operator efficiency minimizing fuel consumption (if equipped)

#### Recycling

• The materials included in machines are categorized as below with approximate weight percentage. Because of variations of product configurations, the following values in the table may vary.

Material Type	Weight Percentage
Steel	65.52%
Iron	21.19%
Rubber	3.50%
Mixed Metal	2.20%
Other	1.89%
Nonferrous Metal	1.81%
Plastic	1.55%
Fluid	1.47%
Mixed-Metal and Nonmetal	0.85%
Mixed Nonmetallic	0.01%
Uncategorized	0.00%
Total	100.00%

· A machine with higher recyclability rate will ensure more efficient usage of valuable natural resources and enhance End-of-Life value of the product. According to ISO 16714 (Earth-moving machinery - Recyclability and recoverability - Terminology and calculation method), recyclability rate is defined as percentage by mass (mass fraction in percent) of the new machine potentially able to be recycled, reused or both.

All parts in the bill of material are first evaluated by component type based on a list of components defined by the ISO 16714 and Japan CEMA (Construction Equipment Manufacturers Association) standards. Remaining parts are further evaluated for recyclability based on material type.

Because of variations of product configurations, the following values in the table may vary.

Recyclability - 96%
